WINNER

BEST OASIS POOL

WITH ITS POLISHED pebble interior, natural stone surrounds and warm timber decking, this swimming pool is the ideal place to relax and unwind after a hectic day at work.

Conceived and constructed by Majestic Pools and Landscapes, the 8.5m x 5.5m contemporary shape and its surrounds have been designed to connect outdoor entertaining areas with the new house extension.

"Design features include a combination of semi-formal lines and a water feature married with a natural rock pool and lush tropical plantings," says Jack Jakovac, from Majestic Pools & Landscapes.
